

HEDGE TRIMMING SCHEDULE IN MAR MENOR I GOLF RESORT

Date: 04/03/2023

We would like to inform the Community of Owners of Mar Menor I Golf Resort that we have prepared a detailed planning of the order and cut-off dates of the hedges of the houses, in order to notify all the affected owners to estimate the pertinent precautions during these days. It is requested that the electrical wiring, mobile barbecues, flower pots and other garden furniture be kept as closely as possible to facilitate the work and avoid possible incidents and damage. Likewise, please leave the garden gate open, on the contrary, this house will be cut when it can be entered into the planning or when the rest of the houses are finished.

This work schedule is indicative and the proposed hedge cutting date may vary depending on the weather or other factors. The hours of execution of the works are from 07:30 to 14:30, from Monday to Friday.

As a general rule, it is considered a hedge height of 1.8 meters. If you want a different height, you must contact the Community administration and make a formal request. In any case, it is established a maximum height of 2.25 m and a minimum height of 1.8 m.
